

To explore the efficacy of the Learning Teaching Material (LTM) at the Elementary and Secondary level, SCERT (WB) was tasked to identify LTM in different subjects and to develop a manual for Teachers . SCERT,WB has subsequently organised a two-day workshop on 18th-19th July,2023 to develop training modules and for designing few exemplar LTMs from different subject areas taught in school curriculum in West Bengal. The Resource Persons were from DIETs and SCERT(WB) who had participated in the Workshop. In the next phase of this initiative SCERT(WB) has planned to organize 4-day training programmes for development of LTM in all 4 zones throughout West Bengal for capacity building of faculty of all the DIETs & PTTIs and some subject teachers, who will act as District Resource Persons in West Bengal. SCERT(WB) has also planned to conduct Orientation Programmes for elementary and secondary teachers of Government and Government Sponsored school Teachers in West Bengal. Furthermore, exhibition of LTMs will be organised at DIETs, BITEs and PTTIs to encourage teachers for meaningful integration of LTMs in classroom teaching.
