EXECUTIVE SUMMARY

A Report of RMSA Teacher Training for the financial year 2016-2017

Rastriya Madhyamik Shiksha Abhiyan (RMSA) was launched in 2009 primarily with following the objectives:

- to enhance access to Secondary Education
- to ensure quality in the Secondary Education in the context of the enhanced enrolment of both boys and girls, particularly of the girls.
- to attract the students belonging to underprivileged sections of the society like SC, ST etc to Secondary Education after completion of their elementary education.

With the above objectives, the ISTE component of the RMSA was delegated to the SCERT (WB) as an outcome of a meeting held on 29th July 2016, where certain strategies for implementation of the programme were discussed and resolved.

1. In 2016-17 Project Approval Board (PAB) RMSA has sanctioned In- Service 10 days' teacher training for 18143 teachers including Head Teachers (vide District wise and subject wise break up given as Annexure -1) and 252 KRPs. In a meeting it was resolved that there needs to be 5 KRP for each subject per district. The remaining number of teacher have been suggested to be deducted from the targeted total No. of teachers scheduled to be trained in the districts. For the 4 subjects Mathematics, Physical Science, Life Science & English a total of 440 KRPs were required to be trained. The PAB , RMSA had sanctioned 147 KRP for 2016-17 for the above 4 subjects as mentioned. The balance requirement of 293 teachers needed to be sourced from the target teachers mentioned for In-service training. Accordingly SCERT had prepared a revised list where district wise, subject wise break up were given (vide as Annexure-II).
2. The approved module in Bengali version only prepared by WBBSE on Mathematics, Physical Science, Life Science and English were received by the SCERT (WB) on 29.07.2016. The English version of the modules on Mathematics, Physical Science, Life Science were received by the SCERT (WB) on 07.09.2016. and SCERT (WB) received the list of MRPs (19 Nos) and KRPs (440 Nos) from RMSA on 26.08.2016.
3. All the modules were printed and distributed by the Text Book corporation Ltd, WB.
4. The KRP training on different subjects had been scheduled at Kolkata & Jalpaiguri in three phases :

   1st Phase: from 14.09.2016 to 18.09.2016
   2nd Phase: from 20.09.2016 to 24.09.2016
   3rd Phase: from 26.09.2016 to 29.09.2016 & 01.10.2016

Accordingly SCERT completed KRP training in collaboration with WBBSE, The Expert Committee on School Education and DIETs. In the KRP training 383 KRPs have received training from different districts (vide list of attended KRPs in Annexure- III).

Findings from Feedback given by the KRPs

- *Training Programme were well organised*
- *There was very few use of ICT in the training programme.*
- *Rarely any hands on activities were practised during training sessions.*
- *The participants who received training on English subjects were involved in interactive mode.*
- *Overall the training programme was good, satisfactory, practical and valuable for the teacher and such programmes should be conducted frequently.*

5. After completion of the 5 days' KRP training on Mathematics, Physical Science, Life Science, & English. A meeting was held with the district level functionaries at SCERT on 20th October 2016 for implementation of the training in the district. All the modalities like selection of teacher, norms of expenditure, selection of venue etc were discussed. SCERT transferred funds to the districts through NEFT by 30.08.2016 to conduct teacher training in the districts.
6. SCERT had received the district plan to conduct the district level training on different subjects from districts. The district plan is being enclosed as Annexure- IV. The district level training was completed within the scheduled dates.
7. SCERT had asked to the districts to submit the status report of Teacher Training under RMSA in a specified format (vide Annexure- V). A brief report is being enclosed as Annexure –VI ,VII.
8. It is evident from the district level report that approximately 25% of teacher were absent in the district level training. So we suggest that provision for punitive action against the absentee KRPs & Teacher should be framed by competent authority***. SCERT suggests that there should be a link between participation of teacher in the training programme and their service records.***
9. It has been resolved that the remaining 5 days training under RMSA to be imparted to the same group of subject teachers who were undergoing training this year on issues related to Inclusive Education and Career Counselling. Also it was resolved total 485 KRPs will be required to impart training on IE & CC to 17663 teachers. SCERT had prepared the district wise and subject wise break up and identified the list of KRPs (Vide Annexure- VIII)
10. The approved module and the resource pack were printed by the Govt. press and delivered to all DPOs in time.
11. The KRP training on IE & CC was completed in three phases in Kolkata & DIET Hooghly.

376 KRPs have taken training from different districts by the RPs coming from SCERT, Jadavpur University. Bankura University, Vikramshila Education Resource Society, DIETs and retired Principals & RPs from NGOs like Ebong Alap. The list of attended KRPs is being enclosed as Annexure IX.

12. SCERT had observed that the percentage of absentee KRPs on Inclusive Education & Career Counselling was 22.47%.

Findings from Feedback given by the KRPs on IE&CC

- *Training Programme were well organised*
- *There was mostly use of ICT in the training programme.*
- *Hands on activities were practised during training sessions.*
- *The participatory discussion was made in the training sessions on both the topices i.e. .Career counselling and Inclusive Education*
- *Overall the training programme was very good, satisfactory, practical and valuable for the teacher but it should be conducted frequently.*
- *Career Hubs to be set up in all Secondary schools.*

13. A Guideline has been framed by the SCERT(WB) and the same was sent to the districst. Also the entire fund for the districts has been transferred through NEFT by March 2017.
14. Due to Madhyamik & H.S examination in West Bengal the district level training on IE & CC has deferred from March 2017 to April 2017.
15. A district plan for teacher training on IE & CC is being enclosed as Annexure-X.

16. SCERT had asked to the districts to submit the status report of Teacher Training on IE & CC under RMSA in a specified format A brief report is being enclosed as Annexure – XI.

17. It is evident from the district level report approximately 19% of teacher were absent in the district level training.

18. ***SCERT suggest that Career Hub should be set up in Secondary schools in West Bengal. Regarding this a proposal has already been sent to the RMSA vide letter no. 118/F.No 398/SCERT dated Kolkata the 26.05.2017***.
